

Information guidelines

All information provided in this document is subject to change without prior notice. Please ensure that you have received the latest version of this dossier as we are continually striving to improve the standards and quality of our tours and itineraries are subject to change. Travel times and campsites can change depending on road or weather conditions, or any unforeseen circumstances. These are used as a guideline only. On our longer tours it is possible that your crew, truck and fellow travellers will change due to our unique tour linking system. On this tour, camping and accommodated clients will be travelling together with a maximum number of participants of 20.

Partaking in an adventure tour in Africa involves covering hundreds if not thousands of kilometers in a truck, and our tours are as much about this journey as they are about the destinations we visit. Use your time in the truck to talk to your fellow travellers, play card games, have a drink, walk around, take note of the world passing by your window and make the most of this unique opportunity to step out of your comfort zone.

Some roads you travel on will be smooth and easy while others could take up to an hour to cover one kilometer. There is just no telling what could happen with road, weather, traffic and other conditions that may exist that will either increase or decrease the amount of time you spend on the road so take your watch off, put your iPad away, turn off your phone and just relax. An average day could take anything from 5 to 14 hours in the truck, it all depends on the day... and that's only an "average".

In this tour dossier you see an indication of a distance to be covered on a particular day. Please don't assume that your travel time will be equal to that which you can travel in your car on the autobahn... no, it will be much, much slower. We will stop for shopping, bathroom breaks, photo stops, activities and a whole lot more. If you are looking to only experience specific destinations and are not interested in the journey, perhaps adventure touring is not for you.

As circumstances change in the destinations that we visit, our tour dossiers do change from time to time as we constantly improve our offering based on feedback about these changes that we receive from our guests and guides on tour. Please ensure that you download this dossier again within a week of your tour departing to ensure that you have all of the correct information regarding the tour.

You will be required to pack overnight bags for your excursion – please ensure your valuables and luggage which you are not taking is locked in your locker in the overland truck. The campsites we visit are fully owned by the Tanzania National Parks Board. Over 90,000 tourists visit the Serengeti National Park annually. These facilities are sadly not always sufficiently maintained by the Parks Board and we have attempted to offer our services to improve the situation, however our offers were not accepted. We do ask that you have an open mind when visiting the ablutions in the Serengeti National Park. Please supply your own wet wipes and toilet paper.

Serengeti excursion itinerary

Day 1 - Arusha - Serengeti National Park

The Serengeti is most famous for the annual migration when over a million wildebeest and about 200,000 zebras flow south from the northern hills to the southern plains for the short rains every October and November, then swirling west and north after the long rains in April, May and June. While the migration is heavily dependent on the rains and viewing of the spectacle cannot be guaranteed, we will make the most of our time in the Serengeti in search of the various animal species that frequent the plains. After a short briefing at the accommodation in Arusha, we depart in 4x4 safari vehicles and set off for the Serengeti National Park, enjoy our first game drive (safari) as we enter in the afternoon and make our way to our camp.

More about this tour

MEALS ON TOUR

Breakfast: As breakfast is served very early in the morning (if there is driving or activities to be done) it is a simple but filling breakfast: Tea and coffee, breads and spreads, cereals, yoghurts, fruits and on occasion, when there is time for a later breakfast, guides will serve a hot breakfast of scrambled eggs, porridge, bacon or beans.

Lunch: Lunch is generally served at a picnic spot next to the road en route to a destination. As the guides only have approximately 45 minutes to get everyone off the truck, prepare lunch and then get everyone back on the truck again, lunches consist of sandwiches and salads (rice salad, pasta salad, tuna salad and green salad) which are quick and easy to prepare but which are quite filling. Guides have meal plans which they should stick to, to ensure that there is variety on a day to day basis.

Dinner: This is when the guides get time to prepare a delicious meal and they focus on a substantial protein, vegetable and carbohydrate dinner. We serve traditional cuisine consisting of braais (BBQ), potjie (stew), bobotie (mince), spaghetti and fish and chicken dishes. All meals (on both accommodated and camping tours) that are included as per the dossier are prepared at the full service adventure truck. This is a unique adventure in itself where you get to dine under the stars with your new found friends and experience the real sights and sounds of Africa!

TIPPING ON TOUR

In general tipping in restaurants is expected and is around 10% for good service, more if you have received exceptional service, and, feel free not to tip at all if you received poor service. Tipping taxi drivers etc is really at your own discretion and not always expected. If in doubt please ask your guides. It is expected to tip porters and car-guards etc. Ask your guides how much is appropriate in local currency. Our guides do work hard but they are also paid at (and often above) industry levels for this work. Our Crew can be tipped if you feel that they have done a good job and/or gone above and beyond the call of duty.

The best way to arrange tips is to elect one person in the group to collect the money. We recommend USD1-2 (or about R10-R20) per day per person, per guide as a fair tip. So if you have 3-crew on a tour, we would recommend that 3 envelopes are used and each crew member's name written on one. Place what you feel is fair into each envelope and the elected person can give these to the crew at the end of the tour. If you do not feel that the crew deserve a tip, please, do not tip them. You must remember that tipping is only for exceptional service and is not at all compulsory or expected.

Countries visited

Zimbabwe

Zimbabwe is an incredibly beautiful, land-locked nation in the centre of Southern Africa. Despite its political and economic struggles, it remains a country of breath-taking beauty and lush landscapes. Famously bordering on the magnificent Victoria Falls and stunning Zambezi River, this is a country of astounding beauty and is by no means short of attractions and activities.

Zimbabwe, previously known as Rhodesia during its colonial days, has been the focus of many explorers during the last few centuries. It was Rhodes that orchestrated the building on the first railway line through the country which stretches across the entire African continent, and David Livingstone was the explorer to hear the thunderous sound and say the spray of the world's largest natural waterfall, the Victoria Falls; named after his sovereign Queen Victoria.
