

Information guidelines

All information provided in this document is subject to change without prior notice. Please ensure that you have received the latest version of this dossier as we are continually striving to improve the standards and quality of our tours and itineraries are subject to change. Travel times and campsites can change depending on road or weather conditions, or any unforeseen circumstances. These are used as a guideline only. On this tour, camping and accommodated clients will be travelling together with a maximum number of participants of 20. On our longer tours it is possible that your crew, truck and fellow travellers will change due to our unique tour linking system.

Partaking in an adventure tour in Africa involves covering hundreds if not thousands of kilometers in a truck, and our tours are as much about this journey as they are about the destinations we visit. Use your time in the truck to talk to your fellow travellers, play card games, have a drink, walk around, take note of the world passing by your window and make the most of this unique opportunity to step out of your comfort zone.

Some roads you travel on will be smooth and easy while others could take up to an hour to cover one kilometer. There is just no telling what could happen with road, weather, traffic and other conditions that may exist that will either increase or decrease the amount of time you spend on the road so take your watch off, put your iPad away, turn off your phone and just relax. An average day could take anything from 5 to 14 hours in the truck, it all depends on the day... and that's only an "average".

In this tour dossier you see an indication of a distance to be covered on a particular day. Please don't assume that your travel time will be equal to that which you can travel in your car on the autobahn... no, it will be much, much slower. We will stop for shopping, bathroom breaks, photo stops, activities and a whole lot more. If you are looking to only experience specific destinations and are not interested in the journey, perhaps adventure touring is not for you.

As circumstances change in the destinations that we visit, our tour dossiers do change from time to time as we constantly improve our offering based on feedback about these changes that we receive from our guests and guides on tour. Please ensure that you download this dossier again within a week of your tour departing to ensure that you have all of the correct information regarding the tour.

More about this tour

MEALS ON TOUR

Breakfast: As breakfast is served very early in the morning (if there is driving or activities to be done) it is a simple but filling breakfast: Tea and coffee, breads and spreads, cereals, yoghurts, fruits and on occasion, when there is time for a later breakfast, guides will serve a hot breakfast of scrambled eggs, porridge, bacon or beans.

Lunch: Lunch is generally served at a picnic spot next to the road en route to a destination. As the guides only have approximately 45 minutes to get everyone off the truck, prepare lunch and then get everyone back on the truck again, lunches consist of sandwiches and salads (rice salad, pasta salad, tuna salad and green salad) which are quick and easy to prepare but which are quite filling. Guides have meal plans which they should stick to, to ensure that there is variety on a day to day basis.

Dinner: This is when the guides get time to prepare a delicious meal and they focus on a substantial protein, vegetable and carbohydrate dinner. We serve traditional cuisine consisting of braais (BBQ), potjie (stew), bobotie (mince), spaghetti and fish and chicken dishes. All meals (on both accommodated and camping tours) that are included as per the dossier are prepared at the full service adventure truck. This is a unique adventure in itself where you get to dine under the stars with your new found friends and experience the real sights and sounds of Africa!

TIPPING ON TOUR

Southern Africa: In general tipping in restaurants is expected and is around 10% for good service, more if you have received exceptional service, and, feel free not to tip at all if you received poor service. Tipping taxi drivers etc is really at your own discretion and not always expected. If in doubt please ask your guides. It is expected to tip porters and car-guards etc. Ask your guides how much is appropriate in local currency.

Our guides do work hard but they are also paid at (and often above) industry levels for this work. Our Crew can be tipped if you feel that they have done a good job and/or gone above and beyond the call of duty. The best way to arrange tips is to elect one person in the group to collect the money. We recommend USD1-2 (or about R10-R20) per day per person, per guide as a fair tip. So if you have 3-crew on a tour, we would recommend that 3 envelopes are used and each crew member's name written on one. Place what you feel is fair into each envelope and the elected person can give these to the crew at the end of the tour. If you do not feel that the crew deserve a tip, please, do not tip them. You must remember that tipping is only for exceptional service and is not at all compulsory or expected.

Countries visited

South Africa

South Africa is one of the most popular tourist destinations in Africa, as it offers truly magnificent views and has an abundance of activities to enjoy. This Southern African country is rich with culture and traditions; with every citizen having a unique heritage, culture and story to tell. Here, guests will find themselves enchanted with a unique vibrancy and absorbed in the freedom of every citizen. The combination of the beauty of the landscape and friendly nature of the locals makes South Africa a truly inspiring and exciting country to explore.

Since the 17th century and the arrival of its very first settlers, South Africa has been claimed, to be one of the most beautiful destinations in the world. Not only is the weather warm and mild throughout the year, but locals and visitors enjoying an endlessly beautiful scenery and diversity in landscapes. Undoubtedly, South Africa's main attractions are its beautiful mountain and coastal views, however its cities also attract more than enough tourist attention.

In 2010, South Africa hosted the FIFA Soccer World Cup, putting on an incredible show and proving themselves as one of the world's leaders in the hospitality industry. Guests were made to feel welcome and encouraged to participate in local celebrations and enjoy the sights of each region; a factor which surely contributed to the Mother City of South Africa, Cape Town, being voted by TripAdvisor to be the most desired tourist destination in the world.

Botswana

Botswana is a southern African landlocked nation, surrounded by Zimbabwe, Zambia, South Africa, Namibia and is one of Africa's most popular inland tourist destinations. Despite being quite a large country, Botswana remains to be one of the world's smallest communities with just over two million people calling themselves citizens. Most of the locals can be found working in the nation's capital city, Gaborone, however many others work on game reserves and with the country's tourism industry.

Botswana's Okavango Delta is the world's largest inland delta and is alive with vibrant bird species and wildlife. In comparison to the vast Kalahari Desert, the delta is lush and green; a true magical world where life is simple and relaxation is unavoidable.

Botswana is truly a unique country with a landscape and beauty unlike any other; from deserts to delta, bushveld to grasslands, savannas to salt pans, Botswana is a true joy to explore and offers a world of adventure to all tourists.

Zimbabwe

Zimbabwe is an incredibly beautiful, land-locked nation in the centre of Southern Africa. Despite its political and economic struggles, it remains a country of breath-taking beauty and lush landscapes. Famously bordering on the magnificent Victoria Falls and stunning Zambezi River, this is a country of astounding beauty and is by no means short of attractions and activities.

Zimbabwe, previously known as Rhodesia during its colonial days, has been the focus of many explorers during the last few centuries. It was Rhodes that orchestrated the building on the first railway line through the country which stretches across the entire African continent, and David

Livingstone was the explorer to hear the thunderous sound and say the spray of the world's largest natural waterfall, the Victoria Falls; named after his sovereign Queen Victoria.

Zimbabwe received its independence in 1980 and has struggled to maintain a democratic state ever since. However, despite its unstable economy and the fragile political state, thousands of tourists make their way to the country every year, wishing to explore its African roots and be spellbound by its beauty.

Zimbabwe has a unique landscape, atmosphere, community and culture which set it apart from its fellow Southern African nations.

Enjoy your adventure of a lifetime!
